Pak Austria Fachhochschule - Institute of Applied Sciences & Technology (PAF-IAST)

CGPA: 3.54 / 4.0 (2nd Semester)

FSc Pre-Engineering Graduated 2023

Army Burn Hall College for Boys, Abbottabad

Marks: 82%

WORK EXPERIENCE

Deputy Director - Public Relations

Data Science Society, PAF-IAST 2024 - Present

- Led public relations and outreach for the Data Science Society, boosting student engagement and event attendance.
- Managed official communications across social media and internal channels, demonstrating strong written and verbal skills.
- Coordinated networking events and workshops, liaising between students, faculty, and external guests.
- Worked under deadlines in a team environment - directly transferable to customer support and professional work settings.

PROJECTS

Personal Portfolio Website Tech: HTML, CSS

Designed a responsive portfolio to professionally present academic background and technical skills to potential employers and clients.

Drop Shipping E-Commerce Website Tech: HTML, CSS

Built a fully functional customer-facing e-commerce site with product listings and navigation, demonstrating UI/UX awareness and client-oriented thinking.

C++ Integrated Management Systems Tech: C++

Developed console-based management systems (student records, inventory) showcasing OOP, logical problem-solving, and structured programming applicable to backend development roles.

SUITABILITY FOR APPLIED ROLES

Customer Support / Call Centre: Excellent communicator with patience, active listening, and a customer-first mindset refined through public relations leadership.

Software Houses / Tech Internships: Practical experience in Python, C++, HTML/CSS, and GitHub. Pursuing a Data Science degree with strong academic performance (CGPA 3.54).

General Office / Admin Roles: Proven capacity to manage tasks, coordinate teams, meet deadlines, and represent an organisation professionally.
